

ANNOUNCEMENT

Advanced microscopy techniques for plant-microbe interaction analysis
2nd International Training Course and Workshop
Nov 26th – Nov 30th 2018, Vienna/Tulln, Austria

Lectures and practical work: Microbe transformation, staining methods, FISH, confocal microscopy, atomic force microscopy AFM, scanning electron microscopy SEM, image analysis, 3D modelling.

Early bird fees: PhD students: 990 €; academic researchers: 1190 €; non academic: 1490 €

CONTACT: Stéphane Compant, Ursula Sauer microscopy@ait.ac.at

AIT Austrian Institute of Technology GmbH, Center for Health and Bioresources. Konrad-Lorenz-Straße 24, 3430 Tulln, Austria
